ROOSEVELT KEEPS UP HIS ATTACK ON BARNES

Makes Libel Suit an Issue of Campaign

PREPARING HIS DEFENSE

Colonel Hopes for an Early Trial and Says Bosses Fear Him

Oyster Bay, July 23.—Theodore Roosevelt, after renewing his attack on William Barnes, republican state chairman, began yesterday the work of preparing his legal defense of the \$50,000 libel suit begun against him by Mr. Barnes as a result of the colonel's recent statement alluding to the chairman and Charles F. Murphy, leader of Tammany hall. In that statement the former president attacked the so-called boss rule in state politics and favored the candidacy of former State Senator Harvey D. Hinman for governor.

Col. Roosevelt yesterday engaged to defend him, the New York law firm, Bowers & Sands, which acted for him in the trial last year of his libel suit against the Michigan publisher, who charged him with libel. William H. Van Benschoten, a member of the firm, went to Oyster Bay from New York and spent several hours in consultation with Col. Roosevelt, the two beginning the work of outlining the defense. Col. Roosevelt urged Mr. Van Benschoten to expedite the case in the hope that it might come to trial this summer.

Col. Roosevelt said he would not be deterred from attacking Mr. Barnes by the suit but on the contrary would assail him the harder. He expressed the hope that he would have the opportunity to take the stand against Mr. Barnes before election. To make clear what he meant the ex-president dictated this statement:

"I regard the action of Mr. Barnes as the most striking proof that could be given that the bosses recognize in me personally the one enemy that the type of machine government for which they stand has to fear, and furthermore recognize that the most dangerous menace to the present system of bipartisan politics in this state is contained in the movement to elect Mr. Hinman as governor on a nonpartisan ticket, which I hope will contain the names of such anti-machine democrats as Mr. Hennessey as well as progressives and anti-machine republicans. I shall continue with increased aggressiveness to attack Messrs Barnes and Murphy and the kind of machine politics which they typify, which I hold must be eliminated from the state."

REBUILD INDUSTRIAL SCHOOL

Penal Board in Conference With Gov. on About Letting Contracts

Montpelier, July 23.—Gov. A. M. Fletcher and J. E. Weeks of Middlebury and H. T. Baldwin, members of the penal board, met at the state house this afternoon and considered the matter of rebuilding at the Vergennes industrial school. Bids on the new structures were recently opened, but no contracts awarded.

The governor and state treasurer are a committee designated by statute to authorize the rebuilding of state institutions destroyed by fire and allow such additional sum as may be necessary above the money received from fire insurance to complete the structure.

As State Treasurer Edward H. Dea vitt was out of town today the matter could not be formally closed.

BRYAN AGAIN ON THE ROAD

Saturday Chautauque Lectures No Longer Sufficient for Secretary

Washington, July 23.—Finding that the Saturday half holiday in the State Department is inadequate for the pressing demands of the Chautauque circuit, Secretary Bryan has been obliged to make incursions on other days to make the round of his speaking engagements.

This afternoon Mr. Bryan was heard in Mechanicville, Pa., while yesterday he was heard at another Pennsylvania town, touching base at Washington during the night and spending the morning receiving the diplomats at the State Department.

It is difficult to keep up with Mr. Bryan's schedule now, as he no longer announces his departures nor leaves word as to where he is, to get "half the gate."

FIRST "TRIO" FIELD DAY

About 200 Sir Knights Gather at Hoosac Valley Park

The "trio" field day of members of Berkshire commandery of Pittsfield, Taft commandery of Bennington, and St. Paul commandery, Knights Templars of North Adams, was held at Valley park in North Adams yesterday, and was attended by about 200 sir knights. The events of the day began with a short street parade held about noon. Former Mayor C. L. Prink rode at the head of the line of march as chief marshal, after which came the Stevens band of Springfield. Next in line were members of St. Paul commandery, led by Eminent Sir Commander Louis A. Simmons, with Bennington and Taft commanderies following. After the parade, the knights took trolley cars for the park, where a chowder was served at 1 o'clock. During the afternoon a number of interesting field sports were held in which the knights took part. The features were the "round robin" baseball game between teams representing the three commanderies, foot races and catching the greased pig. The affair was voted a grand success, and the event promises to be an annual one. Harvey A. Gallup of St. Paul commandery was chairman of the committee of arrangements.

JOHN HILL WALBRIDGE

Prominent Vermont Legislator Dead at Home in Guilford

Brattleboro, July 23.—John Hill Walbridge, a prominent legislator, died last evening at his home in Guilford following a stroke of paralysis suffered Wednesday morning. He was born in Plainfield June 30, 1847, and was a son of Henry and Almira Hill Walbridge. He graduated from Lombard university at Galesburg, Ill., in the class of 1870 with the degree of bachelor of science.

The last 14 years he has devoted much time also to literary and biographical works. He moved to Guilford four years ago.

He was supervisor of schools for Essex county, county examiner, justice of the peace, grand juror and superintendent of schools. He was elected senator of that county in 1892 and was chairman of the committee on education.

He had been a member of Moose lodge, F. and A. M., 40 years, a trustee of Johnson Normal school and a member of the visiting committee of Norwich university.

He married April 19, 1872, Cynthia H. Chase of West Concord, who survives him, together with three children, Blanche May of Boston, Winifred and Henry C. Walbridge of Guilford.

A MARVELOUS SUCCESS

Geo. Kleins's Photo Drama "Between Savage and Tiger" a Novelty

George Kleins's production of the Cines photo drama "Between Savage and Tiger" is a complete change from anything he has ever presented and accords a vivid and striking contrast to "Que Vadis." "The Last Days of Pompeii" and "Anthony and Cleopatra." It serves to show that the Cines Company of Italy can handle modern subjects with the same charming artistic finish that characterizes all of their classic productions.

"Between Savage and Tiger" is a tale of adventure and romance in the jungles of India and abounds in thrilling and exciting scenes in which man-eating tigers, water-buffalo, antelope, elephants and other wild animals play a conspicuous part. The story tells of a young officer who is court-martialed and dismissed from the army for absenting himself from his post of duty without leave, to visit a sick wife and child. He wanders to India and is captured by a tribe of savages who marvel at his wonderful power as a marksman in killing tigers and other animals that have been annoying the tribe. While in captivity, the daughter of the Chief falls in love with him and there are other reasons for holding him prisoner. Meanwhile his wife and child set out to find him and while at sea are ship wrecked by the burning of the vessel. They manage to reach land through the aid of a faithful old sailor. They happen to land on the shores of India and after many adventures reach the tribe where the husband and father is held captive. The union is happy but is clouded by the jealousy of the Chief's daughter who realizes there is no hope for her with the young officer's affections. The balance of the story has to do with the adventures that befall the little family in their efforts to escape to civilization once more. The photo drama is divided into six parts and has enough thrills in it to supply plots for half a dozen stories or stage melodramas.

Mr. Kleins's production of "Between Savage and Tiger" will be seen here for the first time next Monday afternoon and evening at the Library theatre at regular prices.

EUROPE WORRIED OVER AUSTRIA AND SERBIA

Relations Between Two Nations Strained to Breaking Point

AUSTRIA'S ULTIMATUM SEVERE

Weaker Government Cannot Accede to Terms and Retain Its Self-Respect

London, July 24.—European diplomacy is faced with a situation of the extremest gravity in the controversy between Austria and Serbia, and unless it is handled with great delicacy it is not unlikely that others besides these two powers will become involved in war.

An Austro-Hungarian ultimatum to Serbia, couched in a tone of almost unprecedented severity and fastening on the Serbian government and people responsibility for the assassinations of Archduke Francis Ferdinand and his wife at Sarajevo recently, has been presented to Belgrade. It demands satisfaction within 48 hours.

The almost universal opinion in the European capitals is the Serbian government cannot comply with such humiliating terms as are set forth in the ultimatum, since compliance would be tantamount to an admission of Serbia's guilt. The Russian government already is seeking to gain an extension of time for Serbia.

The efforts of European diplomacy should the powers fail to avert the threatened war, will be devoted to localizing it.

Montenegro has indicated her readiness to support Serbia in the event of an Austrian attack. This certainly would plunge the whole of the Balkans into hostilities.

Austria insists on the neutrality of her allies, Germany and Italy, but with the possibility of Russian intervention on behalf of Serbia, Austria would run great risks of uprising among her own great Slav population.

A fact much commented upon by the European newspapers is that Austria has chosen a moment for the issuing of her ultimatum when President Poincare is absent from France and two of the Balkan premiers are abroad.

The Serbian government is withholding publication of the text of the ultimatum in Belgrade, Belgrade, against the forts and Austrian gunboats on the Danube could not hold out 24 hours against a hostile force, and it is rumored in diplomatic circles here that the Serbian government is preparing to retire from Belgrade into the interior, probably to Nis or Uskub.

According to Berlin reports, Germany will not permit interference by any third party in the event of Austro-Serbian hostilities. It is reported that President Poincare of France will abandon his proposed Scandinavian tour on account of the trouble.

COLOMBIAN TREATY SET ASIDE

Will Not Be Considered by Senate at This Session

Washington, July 23.—Evidence of the intention of the Senate leaders to make the earliest possible getaway after the passage of the trust bills was seen today when several of the Senate committees made it known that matters pending before them cannot be considered further at this time. For instance, Col. Roosevelt probably will not be accorded any hearing in the Senate Foreign Relations Committee on the Colombian treaty at this session. It was said today that the committee would not be able to hold further hearings.

This means that the Senate leaders have decided to put aside for this session the Wilson-Bryan treaty with Colombia carrying the payment of \$25,000,000 and an apology.

From the present outlook the Nicaragua treaty also will go by the board for the present session.

It was said today explicitly by leaders on the Foreign Relations Committee that Mr. Bryan's peace treaty also will not be taken up seriously at this session.

WOODFORD

Lost—Between Woodford and Bennington a white beaded bag containing crocheted work. Suitable reward to person returning same to Banner office.

LAKE LAUNCH LOST

Twelve Passengers Reported Drowned in Lake Erie

Erie, Pa., July 25.—The Lark, a launch, is reported to have sunk with 12 passengers in Lake Erie, near here, late last night as the result of a collision with another boat.

THE CHAUTAUQUE

Big Free Public Meeting For Sunday Evening

The Chautauque Friday evening had an audience of over 800, all of whom were most enthusiastic, especially over the great address by Dr. Waters which was one of the finest ever heard in town.

The Tuskegee singers also earned applause both afternoon and evening, while the motion pictures were excellent.

The lectures by Dr. Perry are improving as the week progresses and he is winning a large circle of friends and admirers.

This evening there will be a concert by the Avon players followed by the drama "Rada" by the same company. Following will be the illustrated lecture on "Bright Eyes and Wild Hearts of Our North Woods" by Chaucery J. Hawkins.

Sunday evening there will be a big free public meeting with a local chorus of 80 voices under the direction of Prof. E. E. Long. There will be short addresses by H. N. Morse, secretary of the Bennington County Improvement association and by Dr. Paul M. Pearson, who is the head of the Chautauque circuit in which Bennington is listed. Dr. Pearson is also the chief speaker this afternoon. His subject will be "The Joy of Living."

HANDLESS MAN HELD

Accused of Signing Mother's Name With Pen in His Teeth

Terre Haute, Ind., July 23.—Albert McQuiglin, aged 32, was arrested today and charged with forging checks, although he has no hands. Moreover, he has been under arrest before for forging checks and doing it so well he was able to pass them.

He does the writing with his teeth. It is his mother's name that he forges, and he is so adept that only experts can detect the false signature.

When arrested some time ago the mother made good the amount the son obtained and he was not prosecuted. He was bound over to the Circuit Court today.

TENTH PLAGUE VICTIM

New Orleans, La., July 25.—Diagnosis of the 10th case and the discovery of the eighth infected rat were developments yesterday in the bubonic plague situation. The 10th victim, William Ernest, white, 50, was employed as bartender within what is termed the first focus of the disease. Physicians are sure Ernest contracted the disease at his place of employment. The infected rat was caught 15 blocks from the point of first infection. Infected rats now have been found eight blocks below and 36 blocks above Canal street, the dividing line of the city.

PAVILION VERANDA FIGHT

Allegation of Intrusion on State Property Goes to Supreme Court

Montpelier, July 24.—Judge L. P. Black has ruled that two pleas to the defendants demurrer are insufficient in the case of state against T. J. Hoaghy, to determine whether or not the Pavilion veranda is on the state land and the case goes to Supreme court on appeal by Mr. Hoaghy to settle the question.

The two pleas knocked out by the lower court related to occupancy for 50 years and knowledge by the state that buildings were erected and improvements made on the property for that period.

BLEASE HIGHBALL OR NOTHING

"Drink at Dispensaries or Go Thirsty," Shouts the Governor

Columbia, S. C., July 23.—Col. Blease warned citizens of Columbia today that it's going to be a Blease highball or nothing hereafter.

The Governor stopped his Senatorial speech at the Columbia Theatre to shout at a group of interrupters: "You who got drunk this morning in the clubs, I tell you, if you want any more booze you'll have to go to the Bleases in the State dispensaries to get it, for everything else is closed tight from now on."

Rapid Transit Returns

"I wouldn't be guilty of doing a favor for a man and then in a day or two asking him to do one for me."

"No, nor I. I'd ask him right straight off, before his gratitude got a chance to cool."—Exchange.

UNLESS WARBURG YIELDS HE WON'T BE CONFIRMED

President About Ready to Withdraw Nomination

BANKER RESISTS SENATE

Firm in His Refusal Not to Be Examined in Relation to Business Dealings

Washington, July 24.—Persons close to President Wilson intimated today that unless Paul M. Warburg notified the President soon that he would appear for examination before the Senate Committee on Banking and Currency, his nomination for the Federal Reserve Board would be withdrawn. Mr. Warburg has requested the President to withdraw his name, and Mr. Wilson has virtually refused. It is now thoroughly appreciated at the White House that unless Mr. Warburg agrees to the committee's suggestion that he submit to examination there will not be the slightest chance of his confirmation.

Mr. Warburg is at White Sulphur Springs, West Va., where Senator O'Gorman is still engaged in an effort to persuade him to accept the Senate committee's invitation. In a telegram received here the other day Senator O'Gorman said he believed Mr. Warburg would go before the committee and that he would be confirmed. This, however, does not coincide with information received from Mr. Warburg by those who are acting in his interest and that of the President.

According to the understanding of the Administration, based on direct advice from White Sulphur Springs, Mr. Warburg has not receded in the least from the position he assumed when he asked the President to withdraw his name. He is not willing to go before the committee and submit to an examination about his business dealings that, in his opinion, would be conducted mainly with the idea of humiliating him. But the temper of the Senate is such that Mr. Warburg's nomination will not progress beyond its present stage if he does not change his attitude.

DEFIANCE WON'T RACE

Owners Decide to Withdraw Yacht As a Cup Defense Candidate

Boston, July 25.—"The Defiance has been abandoned as a racing boat because it would be dangerous to sail her again without further changes," said Henry Taggard, secretary of the Eastern yacht club yesterday. Mr. Taggard was representative of the Boston members of the Tri-City syndicate which financed construction of the unsuccessful candidate for cup defense honors.

"The mast step went bad" he continued, "and it would take three weeks to remedy it. Just what caused this we don't know, but the condition was so bad we decided to quit. I believe the yacht really was a good one if it had been rigged properly. Some of the weight should have been taken off aloft instead of fore and aft. But Defiance never really had a chance. It was too long in the repair yards and not long enough in the water." The Defiance cost about \$75,000 to build and her expenses to date have exceeded \$25,000, it is estimated.

INDUSTRY FOR WILMINGTON

New Woodenwar Factory Will Employ 50 Hands

Within a few days the building of a factory for the Luddington Wood-dening Co., will be begun in Wilmington, with a warehouse adjacent. The company which comes from Michigan, will erect its own building, using Wilmington carpenters as far as possible, and when completed will furnish work for about 50 hands, in addition to some who are coming from Michigan with the company. Of the 50 needed, about 40 will be girls.

This means a boom for Wilmington and the first thing apparent is the lack of boarding places and tenements.

The company is considering putting up houses for its help to remedy the difficulty.

WEATHER FORECAST

For eastern New York and western Vermont generally fair tonight and Sunday. Warmer extreme north portion tonight.

RUTLAND POLICE LET HANDCUFFED MAN GET AWAY

Alleged Forger Made His Escape at Station Door

CALLER FOR DECOY LETTER

Fugitive Supposed to Be Charles Gardner Charged With New Hampshire Forgeries

Rutland, July 25.—A daring escape from two police officers and up to present a successful getaway, engineered at the very door of the local lockup, under the street lights at the corner of Washington street and Merchants row, enlivened by a lot of very exciting gunplay, disturbed the local police department with a problem. The man, whose name is supposed to be Frank Gardner Hill, a former resident here, and who has been stopping this week at the Chase Johnson house, corner of West & Main streets, was wanted for forging Partles were detailed, at least during the early hours of the night, watch for him, but at an early hour this morning he had not been recaptured. His escape is more remarkable when it is considered that he got away from the two officers who handcuffed him.

Hill, if such is his name, and the fact could not be verified last night, was arrested in the local postoffice about 8.30 o'clock last night, when he signed for and accepted a decoy letter from the Winchester, N. H. National bank, which was supposed to have contained a check for money, but was in reality blank.

Special Police Officer James Pitaniello made the arrest, which was strenuously resisted by the forger, six feet in height, and about 30 years old. The officer and his man finally found themselves in the street, and Policeman T. C. Elworth went to Pitaniello's relief.

Hill was loaded into the public automobile of Earl Farr, and taken to the station. The officers were just taking him from the machine, still handcuffed, when he escaped. As Officer Pitaniello grasped him by the arm he swung, knocking his captor sidewise, and coming back with the manacled arms and powerful bulk he struck Officer Elworth. Both the policemen were so astonished as to allow their prisoner to get away. Although he fell once he darted with great speed into the unlighted freight yard just across the street.

Officer Pitaniello fired at least nine times at the fugitive, ball cartridges, at first aiming for his feet but then for that portion of his body which looked the largest.

Officer Pitaniello says that in the darkness of the freight yard he felt a bullet go whizzing past his ear, and declares it came from the gun of the forger, Elworth and Pitaniello pursued their man for some way into the shadows of the freight yard, but could not locate him, or any sign of him. Other policemen later went in to the yard, but could not find him.

Residents on River street said the man appeared on that thoroughfare and late in the night he was reported as being near the Tenney brook in the north part of the city.

Chief of Police Jesse Young yesterday received word from O. C. Cain of the Keene, N. H., city government, that a forger or his accomplice would appear at the local postoffice some time during the day to claim a registered letter from the Winchester National bank, addressed to Arthur D. Hall. This man was charged by Mr. Cain with forgery in Keene and Winchester. Special Officer Pitaniello was on watch at the post-office, and when last night the letter was claimed the suspect was pointed out, and the excitement began.

TWO BOYS DROWN

Youngsters Fall From Rock Into Deep Water at Northfield Falls

Montpelier, July 23.—Meds and Albert, aged 11 and 14, sons of John Bussier of Northfield Falls slipped off a rock on which they were playing into 15 feet of water above the second dam at Northfield Falls last night and were drowned.

Nobody saw the accident and it was not until they failed to return home in the evening that search was commenced. One body was recovered during the night and the other this morning. The boys could not swim.

The father is a stone-cutter.
